“Your dancers make me move in my 'universe' during the whole show. The dancers and the choreography bring me into their universe and I feel like I'm moving with them.”

“Saw your show last night at the Sanctuary. Just amazing. The precision and strength of your troupe was the best I have ever seen. Please put me on your mailing list for when you next come to Miami.”

Ron Shapira - New York, NY

“Truly blown away. Felt like a fascinating mix of dance, music and olympic level gymnastics! Beyond impressive from both a choreography and dance skills perspective. Wow!”

Matt Rapier - Tampa, FL

“Thank you for the amazing show in Tampa. We definitely thought we booked tickets to listen to Japanese taiko music and didn't really know we were watching you guys until 7:27pm. The 8 of you work so brilliantly together. Was super happy with that show. Glad we saw you, wasn't disappointed with the mixup, will definitely be on the lookout in the future.”

Keiko Bishop - New York, NY

“Most of the dance company shows always looked a little difficult...such as themes, choreography, techniques, and so on. It's like everyone is a critic, and the dancers dance as competent commands. However, I felt your show was about pursuing the possibilities by focusing on your own expression, the dancers who visualize it, the consciousness and talent of the human body as a dancer, the ultimate harsh occupation. The balance was great and it felt completely beyond the genre, it was more than amazing!”
